Tweede en derde riviervallei.
De plant was ergrijk en
vond wij op in grotere hoeveelheden.
Wij denken dat deze plant
een voorjaarsplant moet zijn.

During the first year we will have a lot of opportunities for informal working groups and smaller, more focused discussions.

but it is not clear whether the results are due to the effect of the drug or to the effect of the placebo. The results of the present study are not enough to draw any definite conclusion about the effectiveness of the drug. However, the results of the present study suggest that the drug may have some potential as an antidepressant agent.

DU DOU STITCHING  This circular panel features a traditional Chinese dragon motif, rendered in a delicate, flowing style. The dragon's body is composed of intricate, swirling lines, with its head and tail adorned with scales and patterns. The overall effect is one of grace and mythical power.

and the general public. The main problem is that people do not know what they can do to help. Many individuals have been asked to contribute money, but they have not been asked to contribute time or effort. This has been a major factor in the success of our campaign.
